Riverwood
HEALTHCARE CENTER
HOSPITAL · CLINICS · SPECIALISTS · URGENT CARE

it's about **HOMETOWN** care

Since Riverwood Healthcare Center was first opened in 1955 as Aitkin Community Hospital, we have provided healthcare with a heartfelt tradition of personalized caring for the medical needs of our community.

Today, Riverwood is setting a new standard for bringing the latest, **most advanced healthcare** to the communities we serve, along with the level of individual care you've come to expect over the years.

You'll experience the latest in medical technology, along with the most advanced procedures, including **minimally invasive surgery** and the most **highly trained** physicians and healthcare professionals and specialists.

At Riverwood Healthcare Center, you can rest assured that the highest quality healthcare is delivered with the one-on-one attention you'd expect from a caring neighbor.

Whether you need a simple checkup or the most advanced, minimally invasive surgery, Riverwood can take care of all your healthcare needs... across your life span.

AITKIN HOSPITAL & CLINICS

AITKIN CLINIC

Offers a full range of healthcare with diagnostic and treatment services all available on site. Our experienced team of healthcare providers includes family practice physicians, an internist, physician assistants and nurse practitioners.

SPECIALTY CLINIC

When you need to see a specialist, Riverwood's Specialty Clinic in Aitkin provides local access to more than 20 top professionals in a wide range of areas.

SURGICAL SERVICES

Three state-of-the-art surgical suites and two Endoscopy rooms are equipped with the latest technology, including high definition for optimal visualization during minimally invasive procedures and telesurgery for off-site consultation.

RADIOLOGY SERVICES

Our advanced radiology department includes the latest in diagnostic technology, including CAT scans, MRIs and mammograms.

CHEMO SERVICES

Riverwood has a multi-chair chemotherapy treatment center at the Aitkin facility. The chemo center is staffed by highly trained nurses. Riverwood's brand of personalized healthcare means we strive to support our patient's comfort at all times throughout their treatment.

BIRTHING SUITES

A warm, nurturing environment is what Riverwood's suites offer moms for labor, delivery and recovery. Each suite is comfortably furnished and equipped with Jacuzzi tubs along with the most advanced technologies including fetal monitors, radiant newborn warming units and the latest bilirubin therapy.

CARDIOPULMONARY REHAB

In addition to rehab care for heart patients, our respiratory therapy team offers specialized treatment for those with lung diseases such as asthma, lung cancer and others. We also offer diagnosis and treatment for sleep disorders.

REHABILITATION CENTER

Riverwood's Rehabilitation Department features the latest technology in ultrasound and exercise equipment. Our skilled rehabilitation therapists are experienced and licensed in physical, occupational and speech therapies. People of all ages find renewal in these capable, friendly and compassionate hands, helping them return to their normal activities.

GARRISON CLINIC

Riverwood's newest clinic is located in Garrison and provides a full range of primary healthcare services. Staffed with full-time providers, the facility offers in-clinic laboratory and radiology services including mammography.

In addition to regularly scheduled appointments, walk-in patients are welcome Monday through Saturday.

PHARMACY

A convenient, retail pharmacy with drive-up service and an electronic patient health record system is also available at the Garrison facility.

McGREGOR CLINIC

Located in downtown McGregor, Riverwood's newly expanded McGregor Clinic offers the same full range of healthcare services available at the Aitkin Clinic.

From routine exams to specialized diagnostic services and treatments, the McGregor Clinic cares for your cardio and pulmonary needs, as well as physical and nutrition therapies.
